## **Letter: Parks, Matas and Pye should be re-elected**

I listened to Yvonne Parks, Scott Matas and Jan Pye speak last evening. They have a balanced fundamental understanding of the needs of Desert Hot Springs and individually and collectively have a plan for moving their city ahead in challenging times.

Together, they have accomplished more in the past few years than has been accomplished in decades prior. Unquestionably they deserve the opportunity to continue to implement their plans and good works and should be re-elected to their city offices.

I urge the voters in Desert Hot Springs to vote on Nov. 5 and to vote to re-elect incumbents Mayor Parks and council members Matas and Pye. They have earned the voters' trust.
